### This is our 25th Anniversary! We're celebrating with a "Keep it or Trade it"

Comprehensive vehicle inspection for only  
**\$25**

This is very thorough and normally sells for \$99.

This is good only on Honda/Acura/Toyota/Lexus/Subaru/Hyundai/Kia  
Special offer ends March 16, 2020 and may not be used with any other offers.

#### Car Quiz

1. T or F—New developments in brake fluid make it an extended life fluid.
2. T or F—Figuring out the correct weight of oil to use for your engine can be tricky.
3. T or F—Activating the anti-lock brakes periodically helps prevent repairs.
4. T or F—Wiper blades are only good for a year.

#### Answers to Quiz

1. False. Brake fluid has changed very little, compared to the other fluids. There have been advancements in the metallurgy of the brake system. The fluid still needs to be used in sealed 8 ounce containers and changed every 3 years.
2. False. It's a piece of cake, the weight is right on the 710 cap. (OIL viewed upside down looks like the number 710). This engine takes 5W30 oil. ☺
3. True. Brake fluid can get a little gummy inside all those little valves and pieces if nothing ever moves. Be a stern taskmaster once in a while and make those things exercise.
4. True. Maybe they aren't, but not being able to see clearly at night in a rain storm is a serious issue. Just like battery replacement on a time schedule prevents a breakdown, wipers should be replaced on a schedule as a safety concern. It doesn't matter if you can start, stop and steer if you can't see.

#### Tax Refund

Consider using your tax refund, if you get one, on your car. If you have repairs or maintenance that's been deferred, this is a great investment. Well maintained vehicles need fewer repairs.

#### New Hours

We don't do much on an average Friday. We

have very few emergency jobs that come in. We will now treat Friday as an "as needed" day. If we are really busy, we'll work Fridays, if not, we'll take the day off.

This enables us to schedule personal errands without closing the shop during the rest of the week. Mike can fish, I can ride bikes. Keeps us fresh. ☺

#### New Extended Service Oil Filter

Our premium motor oil has prevented engine sludge. We have not seen any of our regular fleet need repairs related to oil failure that have been commonly discussed on many mechanical forums.

We recently started using a super heavy duty engine oil filter that is rated for long intervals, just like our oil. We stay abreast of new developments to protect your vehicle and your wallet.

#### Becky's Back Special

**Free Wiper Blades  
with any maintenance**

Standard wiper blades. Premium beam blades are only \$10 more.  
Good only on makes we service, front blades only. Offer ends March 31, 2020.

#### 25 Years Ago

These same 3 chairs were our customer lounge.

The first two shops were too small for more.

Today's lounge is 12 ft by 24 feet, about the same size as our whole first shop.

#### Home Ownership is not out of reach

Average home price in Lincoln is currently about \$180,000. It takes 20% down to buy a home, which is \$36,000. This is not unreachable.

Keep your car or let us help you buy a good used car. Dedee saved \$75,000 over 15 years by keeping her car. Fix on a goal. Let us help you attain it.

#### Drive on by

When a tanker truck is unloading fuel, a lot of things get stirred up in the underground tank, like hair, teeth and bones. ☺ Come back a little later.

*“Being retired might seem nice, sleeping in and doing nothing all day. (It drove me nuts). ☺  
I missed the passion of my work. I am very excited and enthused to be able to return to the shop full time” —Becky*

### Women’s Car Class

*“Make friends with your car”*

No, you won’t learn how to change oil, that’s silly. ☺

**Sat, Feb. 29, 9 to 11**

You will learn how stuff works. You’ll get a better understanding when things are serious, when they are not and what to do when... *Call for a reservation, space is limited. You can bring a friend.*

7am-5pm Mon-Thurs and **Fridays by appt.** **402-434-6961**
